Dear Ms. Calderon,

Thank you very much for your assistance with our FOIA request for the Hudson River Foundation's (HRF's) application for a contract to transfer the NY-NJ HEP program from EPA to HRF (a private entity). I understand that HRF was or is planning to submit a second application for this contract sometime around or after April 14, 2014. We would appreciate receiving a copy of this second application as well, as soon as it is submitted.

Sincerely,

Marcy Benstock
